

Esperion to Present Two New Analyses from CLEAR Outcomes Clinical Trial at the American College of Cardiology 2026 Annual Scientific Session

March 17, 2026

Reviews Bempedoic Acid as Therapeutic Option for Diverse Patient Populations in Need of Alternatives to Statins in Cardiovascular Risk Management

ANN ARBOR, Mich., March 17, 2026 (GLOBE NEWSWIRE) -- Esperion (NASDAQ: ESPR) today announced that two abstracts have been accepted for presentation in moderated poster sessions at the upcoming American College of Cardiology's 2026 Annual Scientific Session (ACC.26) taking place March 28-30, 2026 in New Orleans, LA.

"ACC.26 provides an important platform to share new insights from the CLEAR Outcomes trial among an audience of the world's leading cardiologists," said Sheldon Koenig, Chief Executive Officer of Esperion. "These analyses deepen our understanding of cardiovascular risk reduction in patients with other co-morbidities who are often underrepresented in traditional studies and reinforce our mission to deliver meaningful therapeutic options for diverse patient populations who need alternatives to statins."
