Essential Duties and Responsibilities*

The Senior Accountant will be involved in many of the day-to-day accounting and finance tasks, including the following:

- Responsible for month-end close activities including journal entry preparation, preparing and analyzing work papers and account reconciliations, expense analyses and financial statement preparation and review
- Work directly with finance and operations teams to manage the vendor contracting process, including tracking all requests, reviewing and assessing budget and accounting impact, and ensuring timely execution
- Prepare quarterly and annual financial statement and SEC filings
- Assist with quarter-end reviews and year-end audits, including internal controls testing (SOX 404)
- Perform review of federal and state tax returns and manage estimated payments
- Assist with the development, design and implementation of new internal processes and procedures required to support the Company’s transition from research to revenue-stage
- Other responsibilities and ad-hoc requests as assigned by supervisor

**additional duties and responsibilities not listed here may be required*

Qualifications (Education & Experience)

- Bachelor's Degree in Accounting, Finance or related area
- Strong knowledge of GAAP
- Minimum of 3 years of experience in Accounting or Finance related role
- CPA or public accounting experience preferred but not required
- Ability to be proactive, self-motivated, and work in a fast-paced environment
- Must be detail-orientated with strong organization and communication skills
